Description:

Dragonfly is a gorgeous black female, with lots of energy and spunk. Her fleece is very fine, with medium density and tight crimp.

Dragonfly is a solid black colour with lots of black in her background on both sides of her pedigree. Her sire, HA Raven, is the son of HP High Plains Amadeus, a well known Canadian champion.

Dragonfly's dam, Angel, also has black in her pedigree. We are confident that Dragonfly will continue the tradition and develop into an excellent colour producing foundation female.

We have bred Dragonfly to Birchleaf Xtreme, a true black Reserve Champion winner, for a 2012 cria.
