### Description:

Mila is a beauty with a regal stance and exotic face. She stands out in the herd and is the first to come and welcome visitors. This young female's bloodlines include Peruvian Pistacchio/El Moustacchio and DLA Thunderbolt/P3 White Lightning. She is a real sweetie, and gives kisses to all who come to visit!

Mila placed 4th in her class at the Keystone Classic, April 2008. Her fleece is primarily light fawn on the blanket changing to white on the sides, and was shown in a fawn colour class. The judge, David Barboza, commented on her brightness of fleece and fineness. Mila earned another 4th place ribbon, from the 2009 Keystone Classic.

Mila has been bred to our full Peruvian herdsire, Americano's HemiAccoyo Llywelyn, for a 2012 cria. Mila has lots of colour in her background and we are expecting an amazing coloured cria with proven, champion genetics.
