

A.L. Paca's Collectors Edition

Price: \$3,000.00

Sire: Sheer Galaxy

Dam: Maple Brook Janna

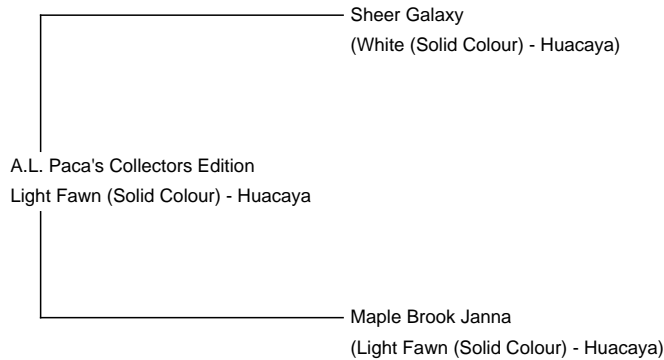

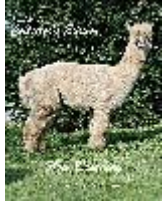

Type: Stud Male (Proven Stud)

Breed Type: Huacaya

Colour: Light Fawn (Solid Colour)

Registered With: ARI# 31806923

Date of Birth: 6th November 2009

Description:

Collectors Edition is one of the most advanced fleeces on our farm. It is considerably dense, consistent, and has unbelievable brightness. His frame is ideal - nice and square with large bone and a very correct jaw set.

If you are looking to add density to your breeding program - Collector is the guy. He had to be shorn several times a year due to the unbelievable amount of fleece this guy carries.

Breeding to Collector is twofold - Collectors great fleece qualities and correct conformation while adding the Sheer Galaxy bloodline to your program.

Collector's first female - Beautiful Rose Grey - she is carrying his density and gorgeous fleece characteristics. WOW!

Prizes Won:

First Place AOBA National Show 2010
