### **Description:**

This guy has come into his own! Tesoro just gets better with age.

Principio' Tesoro, is a handsome male who is phenotypically correct. He has a beautiful head, a regal stature, and great coverage from head to fetlock with superior density. He has extreme fineness, a very tiny crimp style with excellent amplitude and a wonderful organization and brightness to his fleece.

In addition to all this, Tesoro has incredible genetics. Tesoro's sire, AML EL Duro's Principio was undefeated in the show ring as an 8 X Color Champion.

We are now breeding our females to Tesoro. His genetics are unsurpassed and will continue to produce outstanding offspring.

Tesoro's daughter' picture, Cabi displays her correct upright posture; her fleece is incredibly dense with gorgeous structure. Her typey head is the icing on the cake?! This herd sire has the ability to pass on his great characteristics including that beautiful head style.

Make an appointment to see this 3X Champion when you are planning your breedings. You will not be disappointed.

Principio Tesoro breedings can be obtained through this site or: Alpaca Breeding Company on Openherd. Give me a call. I would love to schedule your dam(s) for a breeding with Principio's Tesoro.

There is indisputable proof that superior genetics really do make the difference!
