Description:

Willowbank Sir Stanley is an impressive male ready to start his working career.

Stanley has a wonderful presence with a correct strong frame and macho head type. The first thing that grabs you about Stanley is the handle of his fleece. It is incredible soft and buttery. This is a result of his uniformity and fineness. He also grows an amazing length of fleece with beautiful character and good density. He has all the positive traits you would like to pass on in a herd. This has been recognised in various shows. Most recently he won 1st place fawn 12-24th month at Three Counties fleece show.
