Vlies: (2.)

17.80µ Standardabweichung 3.46µ COV (der Variationskoeffizient) 19.44% % über 30 Mikron(µ) 0.49%

(Entnommen an 5/10/2019 im alter von 1 Jahr und 11 Monate)

Faser-Untersuchungsorganisation: New England Fibre Testing

Beschreibung:

Dotti is a well grown maiden appaloosa with medium high frequency medium amplitude crimp of good staple length as well as being fine (17.8 micron) and soft (99.51comfort factor). Dotti is mated to Hilldale Park Charlemagne from Accoyo lines that should sustain fineness and staple length and improve coverage. We are retaining Dotti's mother and full sister, the latter will be headlining our 2020 show team.

Anzahl geborener Crias dieser Stute: 0
