**Type:** Pregnant Female (Pregnant)

**Breed Type:** Huacaya

**Colour:** Medium Fawn

**Registered With:** BAS

**Blood Lineage:** Snowmass/ Canchones

**Date of Birth:** 6th May 2015

### Description:

Lewisa is a very strong female. Great frame and conformation. Stands very proud in the field. She carries a fine soft handling fleece and what I like about this female is lack of guard hair and maintaining her fineness. She matches well with a dense male so with a mating to Silverstream ozone of Sheriff I am expecting an impressive cria. She had a fantastic depth of colour in her pedigree including black, grey and brown. I would predict she could produce grey with her colourings ( but don't hold me to that!)

**Name of covering male:** Silverstream Ozone of Sheriff (White)

**Last Mating Date:** 20th July 2019

**Estimated Date Cria Due (Pregnant Female):** 20th June 2020

**Number of Crias bred from female:** 1
