Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

**** Excellent Opportunity ****

We have decided to release one of our top class white females. This stunning advanced General daughter shows all the desirable fleece traits you look for in a breeding female. Part of our show team this female is a unique release and amazing opportunity for someone to get their hands on for a reasonable price. She recently won RESERVE CHAMPION white female at the Eastern Alpaca Show 2019 behind the eventual Supreme Champion. This female has some of the best Australian genetic combinations and this proves in her advanced fleece style, high frequency micro staples and bundling throughout. She is a very well grown female, has a very strong solid frame and true to type head. Her fleece is ultra fine, super dense and super soft as a result of her impressive uniformity.

Only willing to release as we have her full sister.

To make this opportunity even more value for money, Flirtation is being sold pregnant to our impressive Reserve

Champion Light Male - Houghton Bond who offers unique and sought after genetics. His first drop of cria landed in 2019 and we are very impressed with the standard.

1st Fleece - Micron: 15.6 SD: 3.5 CV 22.6 CF 100%

2nd Fleece - Micron: 17.3 SD 3.8 CV 21.8 CF 100%
