(taken on 10th June 2022 at 2 Years and 11 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Artemis is a very attractive young female at the start of her breeding life. She carries a very uniform, fine fleece with excellent coverage.

She had her first cria in August 2022, a stunning multi and proved to be a very attentive mother. She is fully halter trained and easy to handle.

Artemis has a good quality fleece, very uniform across the blanket showing good fineness and excellent density. She offers solid proven genetics including Accoyo Remarque on her dams side and strong greys on her sires.

Artemis produced a very attractive fancy cria in late August 2022. As it was a late birth last year we have remated her this year with our new rose grey male Summerhaze Solace who sire is the sought after Appaloosa Popham Mardi Gras

sired by Ambersun Camouflage.
Rare opportunity to acquire these genetics.

Full after sales support and advice and we can often deliver.

Name of covering male: Summerhaze Solace (Rose Grey)

Last Mating Date: 10th June 2023

Estimated Date Cria Due (Pregnant Female): 10th May 2024
