**Sire:** Lane House Harper

**Dam:** Houghton Joss

**Type:** Female

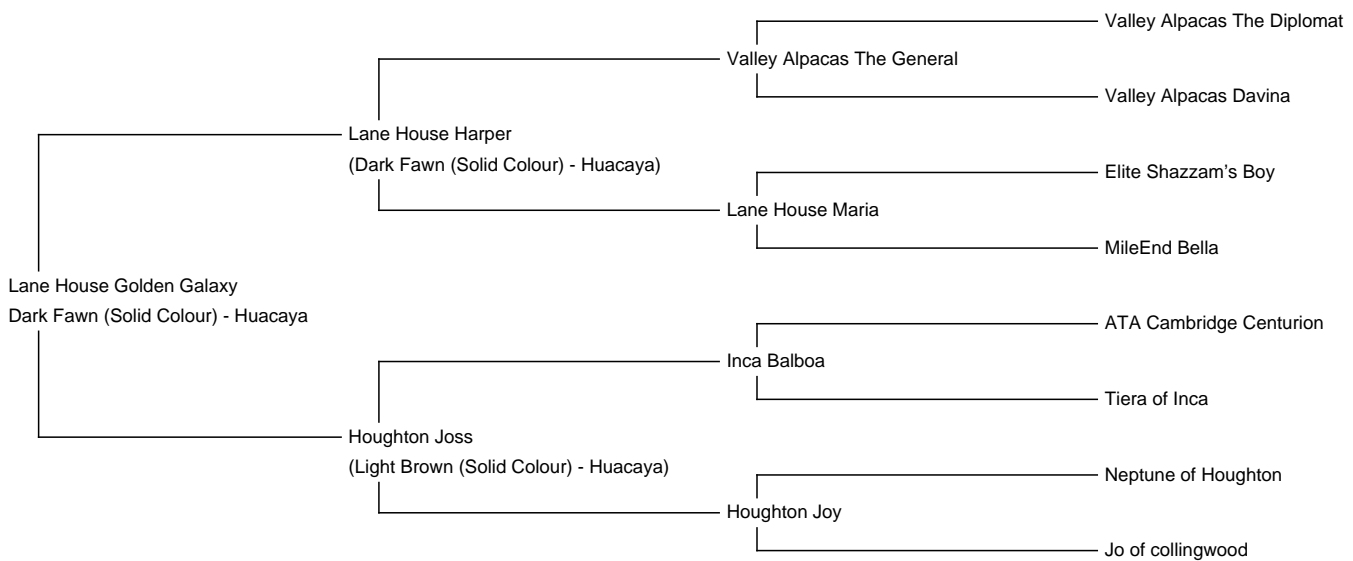

**Breed Type:** Huacaya

**Colour:** Dark Fawn (Solid Colour)

**Registered With:** BAS

**Blood Lineage:** Neptune of Houghton, The General

**Date of Birth:** 30th August 2019

### Description:

Lane House Golden Galaxy - Beautiful dark fawn female for sale.

Golden Galaxy is a stunning young female, her fleece is very dense, fine and uniform with incredible staple length! She is very well grown and stands on a correct frame with good chest capacity. She has a beautiful head style and short muzzle.

She also has a wonderful temperament which makes her easy to handle.

She will be ready to mate this spring and the sale includes a mating of your choice to any of our stud males if you wish.

She has a fantastic pedigree with genetics including Neptune of Houghton and Inca Balboa - so a good degree of darker colours behind her, so she is a very exciting prospect.

She is sold fully BAS registered, halter trained and up to date on all vaccinations etc.

Pictures taken this afternoon.
