Description:

This stunning BAS registered, black alpaca is offered for sale at a very reasonable price. This proven male has great genetics featuring Bozedown on both sides of his pedigree, one of his Grandsires being the prolific Boz of Bozedown and Chief of Bozedown on his dams side. His sires pedigree has good foundations and goes back to Bozedown and Chilean imports. With rose greys, mid greys and dark grey's on both his sires and dams side, Humphrey is a keen proven male with plenty to offer. He has lovely conformation and a fine dense fleece. Although Humphrey is regularly eying up the females, due to having other quality black males including a multi Champion that we bought in, we did not give him the opportunity to cover any of our females until last year. This year, he has proven himself and produced the goods with cria on the ground. He is a keen, confident, stud who has been put to a couple more females in May 2021 and who are now spitting off.

We have decided to let this male go to pastures new where he can introduce new bloodlines and produce some lovely cria.

We will be sad to see him go as he is a lovely, friendly, inquisitive boy but he is wasted here and so would be better suited to a breeder who can make the most of his services and fantastic potential. He is in a paddock with six other entire males and all in all they get along famously. He has the occasional ding dong and chase around with Comanche but nothing serious.

He is microchipped and up to date with vaccinations (Covexin 10) and husbandry tasks.

THIS MALE IS OFFERED FOR SALE for £1500 ALL IN (No VAT to be added) INCL FREE DELIVERY UP TO 100 miles and further distance for extra cost of fuel.
