Type: Young Male (Intact)

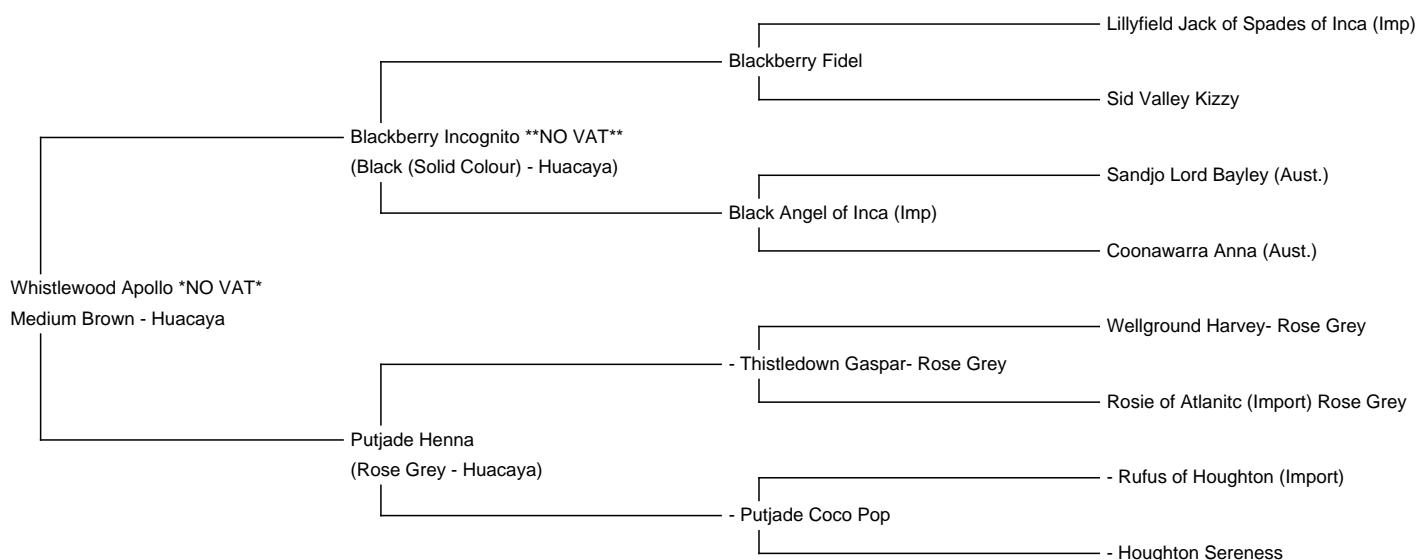

Breed Type: Huacaya

Colour: Medium Brown

Registered With: BAS BNBAS14423

Blood Lineage: Inca/Houghton

Date of Birth: 8th June 2020

Description:

Whistlewood Apollo is a lovely young rich brown alpaca from a rose grey dam with a most impressive pedigree, his sire being Blackberry Incognito an upstanding black male. Taking in his sires footsteps, Apollo has great conformation and a lovely dense fleece. Incognito's sire is Blackberry Fidel, an impressive solid black male by the renowned multi Champion Lillyfield Jack of Spades of Inca (Imp), one of the most prolific black Studs of his generation.

Apollo's dam, Putjade Henna, is a substantial rose grey and white alpaca with Houghton breeding throughout her pedigree. Apollo is a lovely, friendly yearling that has the potential to be a future stud once he has matured.

Apollo has been handled since birth on our farm. He is up to date with vaccinations, vitamins and husbandry tasks. He is BAS registered, ear tagged, and microchipped

A 'hands on' alpaca husbandry course is included with every alpaca sold and continued support will be given. We are at the end of the phone and only too happy to give help and advice whenever needed.
