Yield 3.60 Kg/Year

### Description:

Venus is an attractive well grown female with good substance of bone and conformation and a dense fleece with soft handle. We love her pretty face and feathery ears.

She has proved to be an easy birther and an attentive mother; and her healthy cria have grown and developed well without any problems.

Although not halter trained yet, Venus is easy to handle, friendly and will eat out of your hand.

She has enviable Bozedown genetics: her sire Bozedown Tonto was 1st Junior Male White at the 2015 National Show and his fleece was Champion White Fleece at the 2016 National Fleece Show. The soft handle of her fleece harks back to the late Galaxy of Bozedown. These genetics would benefit any breeding programme.

Venus is offered for sale with a veterinary health check.

Price excludes VAT which is payable at 20%

Our farm is protected by full biosecurity fencing.

**Number of Crias bred from female: 3**
