**Colour:** Medium Fawn (Solid Colour)

**Registered With:** AAA #236807

**Blood Lineage:** Torbreck, Celtic Triumph

**Date of Birth:** 20th April 2018

### Description:

Torbanlea is a very correct upstanding male. He has an extremely dense fleece that is both uniform in his deep amplitude crimp style and his consistency across his saddle.

He has a great length to his fleece and has already shown his fertility in settling a couple of females.

Torbanlea's father was the mature champion male at the recent National Fleece Challenge and is being used extensively within the MalakaiAshbourne herd.

Torbanlea's mother is one of the standout fawns in the Softfoot herd and is a current embryo transfer donor for MalakaiAshbourne.

This male would be an asset to any stud breeder wishing to breed quality colour.
