Description:

Chance is a lovely light fawn female with a white face and unusual markings of dark coloured fawn on her legs. We have also bred a stunning spotty from a very similar coloured female to Chance. Chance has good potential for breeding a grey cria if she was mated with a grey stud specially as her sire is grey and there is grey in her pedigree on both sides.

Not mated only due to our lack of time.

Priced to sell, not a reflection on quality but a need to reduce herd size.

See our website or alpaca seller to see more females for sale. (We have approx 30 females for sale). Nice quality females with discounts available for 3 or more alpacas purchased.

See our website www.winwickbarnalpacas.co.uk and our Facebook page <https://www.facebook.com/winwickbarnalpacas>

All females up to date with husbandry. Vaccinated and ready to go to new homes.
