*(taken on 21st April 2021 at 1 Year and 9 Months of age)*

**Fibre Testing Authority:** Art of Fibre

### Description:

Solvei is a strong, well grown female with a great conformation and excellent fleece coverage.

Last summer she gave birth to a very beautiful female cria who will be joining the 2024 show team. It was an easy birth and she has been an excellent mother to this cria. She is sold pregnant to King garth Hipster (the sire of her 2023 cria). Her pregnancy is guaranteed for a live cria on the ground for 24 hrs or a remating to a King Garth Stud male.

Solvei has great uniformity in her beautifully coloured fleece. Her fleece was spun into yarn as a natural colour and is a best seller. Solvei's sire is the famous Anzac Viracocha Black sabbath. Her Dam is an excellent breeding female and mother. This is a great female who will be an asset to a herd looking for colour genetics. A reluctant sale but space is short and difficult decisions must be made! Solvei would have been shown if it hadn't been for Covid show cancellations. She is halter trained and good to handle. Solvei is up to date with all husbandry and on going advice and support is offered for as long as required. Delivery can be arranged for up to 100miles from King Garth. 10%discount is offered for anyone purchasing 2 or more alpacas from King Garth..

### Prizes Won:

Solvei would have been shown but Covid resulted in cancellations of the shows she would have attended

**Name of covering male:** King Garth Hipster (Medium Fawn)

**Last Mating Date:** 16th August 2023

**Estimated Date Cria Due (Pregnant Female):** 16th July 2024
