(taken on 12th July 2021 at 1 Year of age)

Fibre Testing Authority: Art of Fibre

Description:

Peoji "Po-Gee" is a solid dark fawn maiden girl at the start of her breeding life.

She is well grown with a superfine fleece with good handle and long staple. Her mum is retaining her fineness and at the age of 9 was still testing at 23.2m with an SD of 4.2. Both her parents and sisters are available for inspection at Barnacre.

Peoji is conformationally correct and holds herself very well so stands out in the field. Fully halter trained and friendly and will happily eat from the hand.

She is mated to our new brown stud Redens DeCaprio to add density, so we are very excited to see what this partnership will create.

With her depth of genetics including various multiple champions on her sires side including Lavender Park Tully, Barnacre Ra and Ankhedenamum , and Snowmass on her dams side Peoji should make a fantastic reliable breeder of fine fleeced coloured cria.

All Barnacre female alpaca sales include:

- Fully documented husbandry folder including personality traits and breeding history
- Guarantee of a live cria on the ground (for 14 days) or a free return mating to any Barnacre stud
- Excellent value returning female rate applies to future stud services
- Delivery is free up to 100 miles when two or more alpacas are purchased
- After sales backup service including 24 hour, 365 day telephone support
- Husbandry training available if required
- Agistment/livery available
- Support and friendly advice with alpaca set up if required
- Registration and microchip with the British Alpaca Society and a free year's membership of the North East and Borders Alpaca Group
- Guaranteed years of absolute pleasure!!!
