### Description:

Calixto is a very well conformed, halter trained alpaca with excellent manners and a relaxed disposition. He has great substance of bone and such a length of fleece, which belies his laid back manner. He is easy to handle and has been in the best of health since birth. Calixto is a good "doer" and has the most distinctive hum as teas are put out, exactly as does his Mum.

Calixto is for sale ideally with two of his friends, with all three being of a different colour. They could join existing castrated males or be the start of an adventure for a new alpaca owner. As every member of our herd, he is fully up to date with vaccinations and all husbandry.

Support is available via phone / email for the life any alpaca sold by us.
