Description:

Lensky is a rare appaloosa suri stud male. Lensky was born to both dam and sire from Spring Farm alpacas. We purchased him for our stud male team given both his highly unusual coloration, lustre and the genetics he combines. His sire is Alfonzo (Torbio grandson) who we bought in the USA after he had just taken judges choice at the 2009 AOBA National Conference in a show of 800 suris!!

His dam is Springfarm Mishka, a daughter of Pucara Sur-Real Rapper of SPR. Lensky's genetics therefore combine Torbio, Snowmass Ice Dancer, Rapper and Suri Classic Dream!

Jointly owned as Suri Stud. Of his 14 crias, 6 are either multi or appaloosa!

Lensky is halter trained, well-handled and knows his job when it comes to the mating pen.
