Date of Birth: 21st January 2016

Description:

Lily is a stunning black female, who when you get into her fleece shows as more of a roan/modern grey. With an even distribution of light grey fibres throughout. Lily ticks every box in terms of temperament, being an angel to handle whether pregnant or empty, making her an easy female from a management point of view.

Lily produced a stunning classic grey this year, so we put her to a beautiful classic grey (Avant Grand Master Stanley) this year in the hope for a similar result.

Lily has proven herself to be an excellent dam, being a problem free birther, and being excellent in terms of milk production.

Lily would be an amazing addition to any herd looking to produce colour and grey.

A 10% discount will be applied for purchases of 3 or more females.
