### Description:

PRICE DROP

Faerie Tale Nymphadora is a high quality black female who has proven to be a very good breeding female. She produced her first cria in 2022, a very nice true black male followed by a beautiful bay black female in 2023 and for 2024 she has a lovely black male at foot.

Nymphadora births easily without any assistance and has proven to be an excellent mother, very attentive to her cria and produces loads of milk.

She carries a fine fleece displaying nice crimp with good density and high lustre.

Nymphadora would be a great asset to any herd wishing to produce colour. Her sire is our multi champion grey Limestone Aztec who has proven excellent at producing grey and black. Aztec is from strong grey lines and has been fantastic for producing grey, rose grey, black and even Appaloosa.

Her dam is Faerie Tale Bellatrix who was sired by the elite male Daer Enahs Streslecki Of EP.

Nymphadora offers top class genetics for any breeder wishing to produce colour. She will shortly be repeating her mating to Brampton Valley Theodore a dark grey.

Nymphadora is halter trained and up to date with all husbandry.

A very reluctant sale but we need to reduce herd numbers.

Full after sales support for new breeders.
