### Description:

Goldie is a beautiful, high quality young light female who stands on a large and correctly balanced frame. Her fleece is fine and dense and has good staple length.

Goldie has an interesting pedigree which is packed with some exceptional colour genetics from her fawn sire Gilt Edge Samurai and her black dam Rivenherd Alesha who is a lovely daughter of Warramunga Downs Miguel. Due to the huge depth of colour in her background Goldie has a high probability of producing colour in the future.

Goldie is currently open but can be mated to any one of our studs which is included in the price.

The studs include Inca Legacy (black) Rivenherd Franco (white On The Money son) Ashwood Lanson (white) or Rivenherd Gino (Brown OTM son)

Mated to either Legacy or Gino would give colour

**Number of Crias bred from female:** 1
