Registered With: AOA: 35574866

Blood Lineage: Snowmass, Accoyo, Peruvian

Date of Birth: 22nd June 2022

Description:

Red Granites Freeta is a positively eye-catching female that is a rather unique release for us! With her faultless conformation and beautiful fleece style she is ready to become an excellent foundation dam for generations to come!

When you take a deep dive you realize she has powerhouse genetics with all the great names she carries within her pedigree! Red Granites Val D Lsere, Peruvian Camilio, AOV Accoyo Eros, WWF Accoyo's Betsy Ross, Snowmass Conopa XXX Vail, Little Talara and PPeruvian Vengador! All are super pre-potent sires and dams, and we hope you take a deep dive into each and everyone of the animals in her pedigree is appreciate her overall quality...

Her sire is Red Granites Badger By Val D Lsere, who is a maternal brother to Red Granites MR Ben Franklin an impressive 12-time Champion Brown male who now resides in Germany. Badger is one of our favorite sons by Val D Lsere and Freeta is his first cria, and boy is she a knockout!

Her fleece is highly organized with impressive brightness and incredible density that everyone is always searching for. Adding with those amazing traits comes such a buttery soft handle, hinting at her extreme fineness and further organization. She is also at a rather impressive size for her age, which we also love and makes us want to keep her!

Freeta is the first release of a Val D Lsere grandkid, it took a lot of convincing to offer her but we are committed to bringing our best to the table!

She comes with a free non-transferable breeding when she is of age, our suggestion is Estates Passionate Fever. Once

her color test comes back in we will have a better idea of who to send her to.

Prizes Won:
