Description:

Atomic Kitten (Kitty) is a well conformed female with a wonderfully bright, uniform, fine fleece. She has a "Accoyo" fawn spot on her left hand side, a characteristic often seen in alpacas of Accoyo lineage. She has an excellent pedigree with a full Accoyo fawn sire - Eringa Park The Commandante and a Fowberry Nobility daughter as her dam.

As a 2 year old, Kitty was in the top 10% of EBV's for fibre diameter, top 25% for SD.
