Description:

Dayzee came to us with a male cria at foot. Her fleece is super soft with a low micron in her 6th fleece. Her sire is Teilfi Alchemy with plenty of Bozedown on both sides. She has a great character and needs to know where all her companions are. She is always first in the cue and generally a beautiful animal. Whilst we have not been successful breeding from her, there is no reason why she could not be breed. She is halter trained and would make a lovely companion. Preferably she would be sold as a group but we are happy to let her go joining another herd.
