(taken on 14th June 2022 at 2 Years of age)

Fibre Testing Authority: Art of Fibre

Description:

Cadbury Junior has the perfect combination of excellent conformation, matched with a highly advanced and productive fleece. He is a stunning looking male that turns heads with his commanding presence. He is everything one should expect from a stud.

He started working in 2022 and now has cria on the ground that are healthy and display a very advanced and true to type phenotype.

This young sire has a strong and correct frame and his first (2 year) fleece weighed in at 6.64kg and his blanket weighed 3.84kg.

The fleece this male is growing exhibits great density, uniformity of both colour and micron and he has a lustre to die for, which is to be expected due to his well above average density. Cadbury Junior is a very affordable and low risk sire that is extremely well bred, halter trained and has an easy to handle temperament, not to mention he has been highly decorated in the show ring.

The sale includes a full veterinary examination, pre-movement Enferplex test and delivery can be arranged.
