Description:

Roxy is a well grown out female who stands true to type and carries a stunning, two toned, rose grey fleece that is even in colour and crimp.

Roxy is halter trained and easy to do husbandry task on. She has not held any pregnancies so far but we are hopeful this year (like every year). I therefore sell her as a non breeding female. She makes a great companion and fleeces animal with her breathtaking commercial fibre. We are happy to sell her as a group or alone as long as she is together with other Alpacas.

All our animals are BAS registered and sold with up-to-date vaccination and medical history.

For first-time alpaca owners, I am happy to help with the first years husbandry tasks. Welfare of the animals is important to me.
