Description:

Patou Magnum is a real prospect for the future.

Sired by two time National Champion Brown male, Toft Timogen he has inherited a lot of his sire's fleece characteristics.

On his dam's side is EP Cambridge Lion Heart, Jolimont Gianmarco, Jolimont Sculpture and the legendary NWA Ltd Ruffo.

Magnum's fleece is fine, very dense and extremely uniform both in colour and micron. It also has that high frequency, high amplitude crimp style which is highly sought after.

That fleece sits on a conformationally correct and strong frame, with good weight of bone and a fabulous 'macho' presence.

Magnum will start his working life as a herd sire in the summer of 2024 and would make a great investment at this early age.
