Description:

Patou Rubin is an exceptional young male with a great future ahead of him.

He was awarded Champion Fawn Male at the 2024 North Somerset show by esteemed judge Nick Harrington-Smith. Amongst the other fawn males at the show was the Champion Fawn Male from the 2024 BAS National Show. I could tell that it was very close as the judge compared them next to each other but Rubin was awarded Champion.

His pedigree is absolutely packed with top quality genetics as a result of many years 'layering' and it really does show in this young future herd sire.

His sire, Classical Mile End Rococo, was the BAS National Champion Brown Male in 2017.

His dam, Patou Madagascar, was sired by Toft Timogen, BAS National Champion Brown Male in 2014 and 2015 and Reserve Champion in 2016.

Rubin has clearly inherited qualities from both of those big hitting males.

Conformationally he is very well balanced with a good solid frame and a true upright 'macho' stance.

His fleece is very fine, (15.2 microns) very dense and very uniform in colour and micron.

I believe this male will fulfil his tremendous potential and would be a very astute purchase whilst affordable at this young age.

He will be ready to work next summer.
