21.70µ SD 4.70µ CV 23.90% % Over 30 Microns(µ) 5.30% Yield 3.40 Kg/Year

(taken on 4th May 2023 at 4 Years of age)

Fibre Testing Authority: Art of Fibre

Description:

Spotlight has good fleece density along with very good length and lustrous fleece, layering well.

Spotlight has good conformation and is a reliable breeding female, just like her dam. Spotlight produced a stunning white female cria in 2024, however, since she has colour in her pedigree we have decided to mate her to Bozedown Don't Stop Me Now for 2024. Don't Stop Me Now is a black suri male who colour tested as EEaa and so I am expecting a lovely coloured cria next year!

Name of covering male: Bozedown Don't Stop Me Now (True Black)

Last Mating Date: 20th May 2024

Estimated Date Cria Due (Pregnant Female): 20th April 2025

Number of Crias bred from female: 2
