Beschreibung:

Ameera is a beautiful white female, very reliable dam and good fleece producer. She conceives with ease, and has replicated very good quality progeny, passing on a very soft handle and delightful-looking phenotype.

Ameera has been a key piece of our breeding program, she has widely contributed to our breeding and is ready to move on.

This is an exceptional opportunity to acquire a very healthy, reliable.

Ameera was mated to CME Dion, and produced a fawn female cria in 2024. Dion is probably one of the best studs I have come across, possessing an outstanding fleece that captivates the eye, impeccable conformation and gene load.

Ameera has not been mated for 2025, so she's sold as an open female.
