(Entnommen an 15/04/2023 im alter von 1 Jahr und 9 Monate)

Faser-Untersuchungsorganisation: Art of Fibre

Beschreibung:

Bramble is a well conformed, stylish female. She has a strong depth in pedigree, with great presence and is easy to handle.

Bramble has a fine and soft handling fleece. Her second fleece tested at 15.9 micron on a mid-side sample. She is also very uniform in colour. We are excited for the offspring she will have in the summer having been mated, and scanned pregnant to our stud male Fowberry Shogun, a Fowberry Nobility son. This will be exciting to mix these genetics with Bramble's pedigree, including names such as Lavender Park Tulley (IMP), Furze Park Uluru and more.

She is halter trained, and will come with a vet check, Enferplex TB test, and 24/7 ongoing support.
