**Breed Type:** Suri

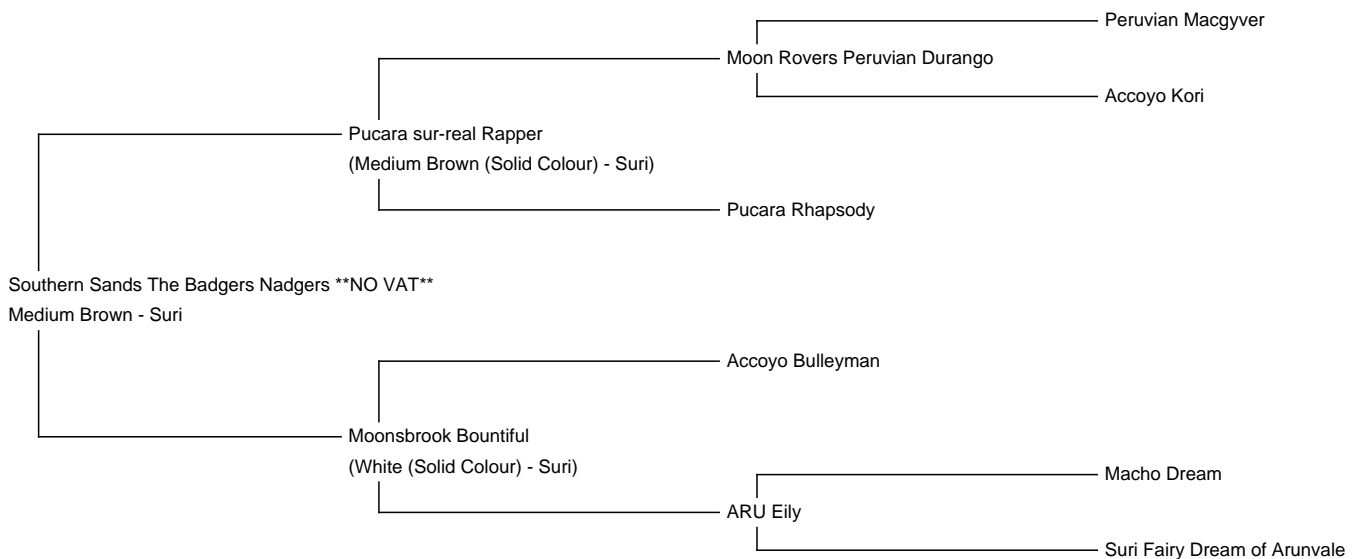

**Colour:** Medium Brown

**Registered With:** BAS

BNBAS14013

**Blood Lineage:** Bulleyman/Macgyver

**Date of Birth:** 9th July 2020

## Description:

Badger is a lovely strong and compact male.

He is conformationally correct with a good substance of bone and true to type head style.

His fleece is a lovely rich mid brown carrying a high level of lustre. He has a good level of fineness and density with a great style.

His Dam, Moonsbrook Bountiful is a fantastic Suri female whose show results include, but are not limited to, reserve champion adult Suri female at the national show 2010. The longevity of fineness of this girl's fleece is outstanding with it testing at around 25 on her 15th fleece.

Her sire was Bulleyman who I'm sure needs little introduction.

Badger's sire is Pucara Sur-Real Rapper whose lines stem from Macgyver having Peruvian Durango as his sire.

This combination of genetics should make Badger a top class stud and a great addition for any Suri breeder.

We have one female scanned pregnant to him for the 2024 birthing season.

## Prizes Won:

1st adult brown Suri male - North Somerset show 2023
