### Description:

Ness is a well-conformed and confident alpaca and has been a great mother to her first four cria, the first two of whom – Rabbie and Strachan – have exceptionally pleasing fleeces. Her third cria, Auld Mill Tweed has not yet been fleece tested but shows great promise too. Ness has a tremendous cut weight of fleece and great density in her fleece.

She is pregnant to solid black Carlshead Domingo and we are very keen indeed to see the cria that they produce !

She has a very attractive cria at foot - Auld Mill Aonghas. His sire is solid white Auld Mill Harry.
