Registered With: British Alpaca Society

Blood Lineage: UK/Australian

Date of Birth: 17th June 2022

Description:

Chestnut Farm Alchemist is a truly stand out young male. He has a real look at me presence in the paddock. Alchemist stands on a correct and well balanced frame and has good substance of bone and a true to type head style. Alchemists fleece is dense, fine, bright with a lovely soft handle, his fleece has a high frequency crimp style that is consistent throughout the blanket and into the extremities and is highly organised within the staple. He has a lovely calm temperament and is easy to handle. Alchemist is sired by our light brown stud male Inca Nobleman so he has a great depth of colour in his ancestry. Alchemists dam is Chestnut Farm Cassie who is an important part of our breeding program and is a champion in her own right, she also produced our

Championship winning young male Chestnut Farm
Defiant.

Both Inca Nobleman and Chestnut Farm Cassie are maintaining their fineness as
they mature.

Cassie is still only 19.0 microns at 10 years of age.

Alchemist would be a great addition to
any herd wanting to add some quality
genetics.

He is already showing an interest in the ladies and we do expect that he will work this summer.

Alchemist will be sold with a fertility guarantee.

All our Alpacas come with a printout of their medical history.

Up to date with all husbandry and have a FEC done and treated if necessary before leaving the farm.
