27.40µ SD 4.60µ

(taken on 17th March 2024 at 7 Years and 6 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Lusi Balthazar is a very well grown male who comes from a long line of champion bloodlines. His full sisters, Inca Enigma and Inca Hoity Toity have been instrumental in the Inca herd and have not only been champions themselves but they have bred BAS National Champion progeny.

Lusi Balthazar is a robust and correctly conformed male. He is well covered on the legs and holds condition well and has produced extremely uniform progeny. This is not surprising as this family is very consistent and reliable. The full sister, Inca Hoity Toity produced one of Inca's premier herd sires Inca Lewesdon who is having a massive impact in the showing currently.

Balthazar's fleece is best known for its long staple, brightness and soft handle. he also has fine primary fibres and is uniform across the body.

With great conformation and a proven and reliable pedigree, this male offers a very affordable route for breeders to get

these genetics into their herd.

This male comes with full veterinary inspection.
