Description:

TOFT KANOKO is a young solid white female out of TOFT Nessa and TOFT Toronaga son of LAVENDER PARK Tulley. Toronaga is a very well grown male with excellent conformation who carries a very dense well organised fleece.

TOFT Kanoko is a young female with real potential and as such is very representative of the 25 years of selective breeding which has gone into producing Toft Alpacas, as such she is priced accordingly.

TOFT Kanoko is maintaining a fine well organised fairly consistent well structured fleece with a very soft handle.

TOFT Kanoko produced a stunning wee Medium Fawn boy TOFT Kristallo to Cuzco Freddy in 2023 who is part of the TOFT Alpaca Show team for the National Show in 2024
