Registered With: British Alpaca Society UKBAS35432

Blood Lineage: Australian

Date of Birth: 13th July 2017

Description:

Noah is one of our favourites and we will be very sad to see him leave. He has an incredible presence, is conformationally sound and has a beautiful head type with a dense top knot. His fine mid-fawn fleece has a lovely soft handle and good crimp definition. Noah has been a revelation as a stud male, producing 2 beautiful solid brown girls and also a championship winning Rose Grey Male, Apache. Noah has an impressive predominantly Australian genetic pedigree – he was sired by multi-champion Beck Brow Crafter and his Dam is Fangdale Eva, our multi-champion Fowberry Nobility daughter. We are able to deliver Noah.
