Description:

Willowbrook Earl Grey is an eye catching, modern grey, intact juvenile huacaya male. Notably, his genetic lines include, Beck Brow On The Money, Bozedown Campari, Bozedown Bourbon, Snowmass Sizlin Hot, EP Cambridge Strike Gold, and Canchones Witness of Inca.

He has great substance of bone, with perfect conformation, and a very cheeky and mischievous character that befits his cute teddy bear appearance!

As his photo illustrates, his fleece has amazing coverage and is incredibly dense, with a lovely soft handle. Each staple is very long and fine, with a well defined high frequency crimp style.

Earl Grey's lineage comes from well recognised and proven ancestors, including his Grand dam (Willowbrook Midnight), who was a Champion Black female.

If so desired, his annual clip could be spun to make some wonderful dark grey coloured yarn. Equally, Earl Grey would

make an ideal companion and unusual grass trimmer, as he is particularly responsive to human affection, and is a firm favourite of ours!

He has been birth notified, so is eligible, subject to the rules in force at the time, for full registration as a potential stud in the future.

Alpacas are herd animals, and as such need to be kept in a group of preferably three or more. We would prefer to sell Earl Grey with a choice from his fellow peers (refer to other listings), as they already have established friendships. However, he could be sold singly, but only if you have the company of other young male alpaca of a similar age for him to join.

A discount is available if purchasing a group.
