Description:

If you are after premier grey genetics then look no further. Sired by Alpaca Stud Nyetimber, Veraison has all the fleece attributes you could hope for... incredible density and staple length, with fineness which has lasted year after year. He is a willing and hard working herdsire; having used him extensively to great effect we are now looking to moving him on to new owners where he can make his mark. Veraison is jointly owned with Alpaca Evolution.
