Fibre Testing Authority: Art of Fibre

Description:

An experienced breeding female with great conformation. Muffin has a gentle and friendly presence, easy to handle and halter trained. She would be suitable for SEN type situations. Superb genetics in her lineage, to name: Streslecki, Cambridge Centurion and Jack of Spades, she boasts quality black genetics in her pedigree. Her fibre is still testing as fine even in her 6th fleece with a 20.6 micron and 4.8 SD. A uniform fleece with good handle and showing a great staple length.

Her 2023 grey cria Dynamite looks very promising and her current male cria at foot (DoB 14/5/24) to our grey male Houghton Blaine, is very handsome with a black fleece.
