### Description:

Sibel is a stunning very dark brown and white weanling female who walks beautifully on a halter and would make a great addition for any walking as well as breeding business - and as a very cute pet of course! She hand-feeds but is never pushy about it and is very placid on our training outings around the farm.

Sibel's mother, also for sale and listed here (Penny Lane), and grandmother are both excellent mums and nursemaids who will let anyone drink from them if they need a top up, so I am confident that Sibel herself will make a lovely mum when her time comes.

Sibel boasts grey in her bloodlines via her tuxedo grey grandsire Alpha Huckleberry (respectively his sire Jessamine Redlands and renowned grandsire Alpaca Stud Nyetimber) and her dam's multicoloured genes trumped her sire's solid black colour, so she should make an interesting breeding prospect for anyone excited by a bit of colour!

Sibel can be sold into an existing herd of females or we can help you make up a new herd of your own (breeding and non-breeding females available). Full ongoing support is provided and delivery can be arranged.
