(taken on 28th April 2023 at 5 Years and 9 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Dauphin comes from the very top bloodlines at

Fowberry Alpacas with a stellar pedigree holding some prestigious names. He is a steady boy, good on the halter, well mannered and has provided us with many cria. Dauphin's fleece is fine with defined crimp across his whole body with uniformity into his extremities and above average coverage on a compact heavy set frame. He is predictable in behaviour, took to mating early and has outstanding fertility. His personality is gentle and easy and he gets on well with his entire field mates. His progeny display fleeces with great length, character and fineness on a very compact and correct frame.

While winning Champion White Male at his only show: October 2019, Judge Nick Harrington Smith commended Dauphin's well built true to type frame, his length of re-growth and uniformity of micron both within the staple and across his body.

His dam, Tsarina is a Champion White female and is a daughter of Nobility's full brother, Fowberry Prodigy (Germany) who, at the International Fleece show, New Zealand 2013 was double fleece Champion with two fleeces - 500 fleeces in show.

His sire, Fowberry Alexander is a half-brother to National Supreme Champion 2017, Fowberry Constantine (same Spartacus dam). He is one of Top Account's last sons and our most impressive looking male with full Australian bloodlines. Despite his stature, Alexander is a gentle, steady teddy bear with a gigantic fleece coverage and shear

weight (2020 6.55kgs) but needs no holding for feet-trimming.

Microchipped and BAS listed.

Fully up to date with all husbandry.

Training from Veterinary surgeons and on-going support included if required.

Update 25/5/24

Dauphin's cria from 2023 was awarded reserve champion white male at the Northumberland Championship 2024. Can be viewed on site.

Outstanding fertility.
