Kurrawa Legends Bandido is a stunning dark fawn, proven stud male imported by Lane House from Kurrawa alpaca stud in Australia. Kurrawa is part owned by the highly regarded senior AAA international alpaca judge Natasha Clark. Bandido's sire, Premier Kiwi Legend is a multi Supreme Champion, and his dam Kurrawa Idaho is a beautiful proven brown female.

Bandido is a strong boned macho, with great chest capacity, a stunning head type, and his fleece coverage is exceptional from his head right down to his toes! He passes these good looks and impressive coverage onto his offspring. He has a medium frequency well defined crimp style, with density, a very good level of brightness and length, combined with very good fineness for his age, which gives his fleece a wonderful soft handle.

Bandido's quality is demonstrated through the success of his progeny. He has produced multi-Champion offspring in white, fawn, brown, and even black! His gorgeous black son Lane House Stormzy is now producing his own champion offspring!

We used Bandido's services prior to buying him, with some very good results, and impressive fleece statistics back from his progeny. His daughter, Willowbrook Sugar and Spice was reserve fawn Champion at the Midlands Show in 2022. She was in a big class of 10, and placed just behind a female who was awarded 1st and Champion. The judge said his

decision was so close between them, that on another day their places could have been reversed! (Spice second fleece statistics 16.8 micron, 3.4 S.D., C.E.M. 7.4, C.F. 100%, CRV 49.0, Under 15 microns 27.6).

A reluctant sale as we are retiring from breeding alpaca, but a golden opportunity to acquire a top proven breeding male!
