Description:

Infinity is a well grown female; she has great presence with sound confirmation. She has both grey and black parents, so will suit a dark or grey breeder. Infinity currently has a promising black male cria at foot and has now been bred to our multi champion stud male Inca Grey Limelight. Infinity has tested as Ee aa so her pairing with Limelight (EE aa) has good odds for a grey or black cria.

Infinity has good depth in pedigree. Her sire Inca Invincible, a very macho male, who is in urn sired by an Australian imported grey male, Van Diemen Storm of Inca, and Lillyfield Jack of Spades on his dam's side. Her dam, Oakley Fern, has a long line of grey genetics behind her.

Infinity is halter trained, and will come with a vet check, Enferplex TB test, pregnancy scan, and 24/7 ongoing support.
