### Description:

HARIKINGLEIGH HETTIE is a strong fawn and white female out of Accoyo Alpacas Elendil and TOFT Taipan. Hettie is a well conformed female with a very balanced strong frame who despite her contrasting markings produces solid coloured cria as you can clearly see from the photograph below .

HETTIE has a lovely gentle temperament and is a good and proven mother. She has many breeding years left in her and would make charming addition to any mixed coloured herd.

**Number of Crias bred from female:** 3
