Date of Birth: 23rd July 2016

L@@K VALLEY ALPACAS KORANNA
Medium Fawn (Solid Colour) - Huacaya

Brow Alpacas

Description:

Valley Alpacas Koranna II is a handsome fawn male sired by the now deceased, exceptional light brown macho Snowmass Sizlin Hot, whose progeny consistently had considerable success in the show ring (refer to At Stud page for a list of Sizlin Hot's progeny show results). Koranna's full dark brown brother, was placed 1st Junior Brown male at the National Halter show in 2016, and was awarded three further 1st places in that year, and two Reserve colour Championships. Koranna's dam, Valley Alpacas Sovereign Gold, is a solid light brown huacaya female, and daughter of Supreme Champion Valley Alpacas The Diplomat. Koranna's dam won two 1st places and a Brown colour Championship as a junior, and comes from a long line of show winning ancestors.

Koranna is inquisitive and intelligent, with lovely dark brown eyes. He walks very well on a halter, has a lovely placid temperament and is easy to handle. He has good conformation and proportions, with a broad chest, straight legs and solid bone structure.

Koranna has just turned eight years. Purchased as a cria at foot, sadly he hasn't been used as a stud due to the number of animals we have who are related to Snowmass Sizlin Hot. His fleece is a beautiful golden fawn colour, has low levels of visible coarser primary fibres, and still retains a good level of fineness and character. It is dense, bright, and has good

coverage, length and uniformity. Koranna was placed third as an Intermediate at the NSS in 2018 and 4th in a very tough and competitive junior fawn class of 9 at the Heart of England Fleece Show in 2017. A picture is attached of his gorgeous first fleece.

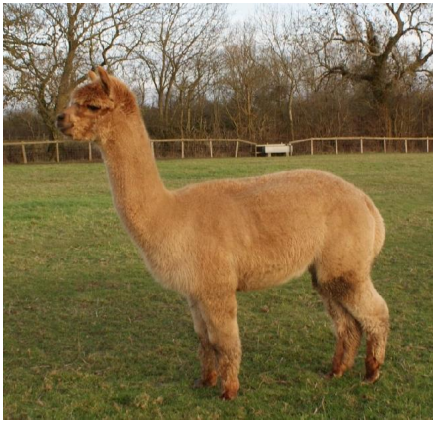

Koranna offers an affordable choice for those who wish to add these proven and sought after coloured genetics to their herd, or as a lovely non-breeding pet/fibre producer.

Prizes Won:

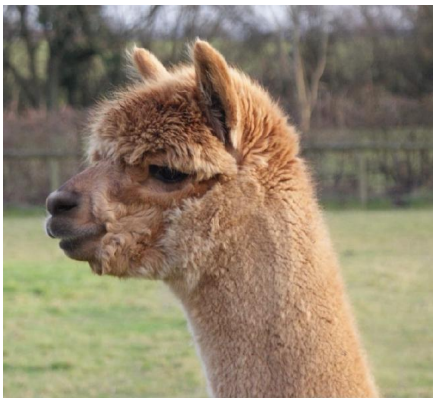

4th Junior Fawn Fleece, Heart of England Fleece Show - October 2017 (Class Size 9). A tough, competitive class.

3rd Intermediate Fawn male, North Somerset Show - May 2018
