Description:

We are offering for sale one of my favourite alpacas. Evie has the pet name of 'Goose' who has such a character and is always the one visitors pick out in the paddock !

Goose always has extremely friendly cria and she has a great personality. Currently pregnant she is an excellent mother and is really ' Sassy ' when pregnant :) .

Her fleece is dense, but is not uniform in colour as she has a variety of coloured fibers, however to spin this fleece is a joy and its unique colour blends to that of a Rose Grey with a very soft handle.

Goose has a dense fleece and has produced black and brown cria. .

We are eagerly awaiting recently submitted colour genetic testing results and it will be interesting to see what her results are ! In the past Goose has had cria from Black to Light Fawn.

Currently pregnant to our Grey Champion Stud male this combination is the past have given us cria with fantastic temperaments and a quality fleece.

We would like Goose to go with her 2023 fawn female (Lyric) who is very attached to her mother but is a non breeding female so she will be a pet female price . A good home is a priority for these two who have been a pleasure to own ! To the right home there will be no charge for Lyric !

Prizes Won:

2017 Spring Alpaca Fiesta Heart of England Halter show - Fawn Female - 6th Place

Name of covering male: Essex Stirling (Medium Grey)

Last Mating Date: 4th June 2024

Estimated Date Cria Due (Pregnant Female): 4th May 2025

Number of Crias bred from female: 3

Sire of Cria at Foot: Beck Brow Wildcard (Dark Brown)

Cria at Foot: Lyric is an exceptionally friendly cria as she was part bottle fed due to an illness which meant for a few months she was not absorbing her food. Once we got over this she thrived but is smaller than she should be and is therefore a non breeding female but at the moment is a great auntie to the 2024 cria and visitors love her as she is very friendly.

Date of Birth of Cria at Foot: 18th August 2023

Current Age of Cria at Foot: 65 Weeks and 6 Days
