### Description:

This is a very special boy as he was completely hand reared as his dam would did not come into milk and would not let him try to nurse .

He knows he is an alpaca and does not exhibit behaviour of a hand reared alpaca.

He is easy to handle and to walk on the halter and happily feeds from your hand .

Dual purpose male if you wish to breed particularly if you have girls with density but are not fine as skippy has a fine fleece with super crimp and colour uniformity but he just lacks a little density.

We have a couple of females mated to skippy this year and they are both spitting off.

Skippy was a brilliant ring bearer at a wedding this year and a champion performance alpaca at Devon County, he is a real all-rounder

Looking for a loving home for my boy but help and guidance is always available .

All husbandry upto date including shearing, vaccinations and worming.

### Prizes Won:
