(taken on 29th August 2024 at 7 Years and 2 Months of age)

Fibre Testing Authority: European Wool Testing Authority

Description:

Perfect Shot is a lovely female to own and gets on well with all of the other alpacas in our herd and just blends in. She is easy to handle and is an excellent mother who births easily and always lactates and nurtures her cria well.

Perfect Shot has been shown in both halter and in fleece where she has been awarded 1st places but has just missed out on championships.

Her progeny have been awarded championships. and are as equally easy to handle with fantastic temperaments. Currently she is open for 2025 as we have mated quite a lot for this year so she can be mated for 2025 to a male of your choice.

We would be happy to offer a discounted mating service should you wish to use any of our suri stud males.

Perfect Shot walks well on a halter and is conformationally correct . Her fleece grows a good staple length and we have shorn her every year. A fine fleece which would benefit from a sire with more density to have a winning combination.

We would love Perfect Shot to go to a new home with her daughter also listed for sale. We have offered a discount as a package for both females.
